RAISED BILL NO. 6486

January Session, 2009

An Act Concerning Responsible Fatherhood And Strong Families

To:

Senator Anthony Musto, Chair

Representative Diana Urban, Co-Chair

Members of the Select Committee On Children

My name is Kenton Young, a sessional employee at the State Capitol. My following written testimony regarding Raised Bill No. 6486, An Act Concerning Responsible Fatherhood And Strong Families, should be considered into law. As a graduate of one of many "Fatherhood Project Innocence", I urge lawmakers to exercise their legislative branch of government to enhance prosperity needed to push forth the well-being of children. These prosperity are met by the disciplinary bonding relationship that only fathers can administer. This relationship is difficult for mothers to accomplish, according to Dr. Elaine Zimmerman, Commission On Children, and, Dr. Peter Wolfgang, Family Institute Of CT Presentation, both leading experts.

For the past two years, I had the opportunity to advocate for strong families, paying close attention to the children. Child-support, when properly enforce, is said to be the only solution for prosperity which is contrary to the children as they model into adults. I whole-heartedly agree with all intentions to regulate the judicial powers that Family Support Magistrate impose daily.

Thank you,

Kenton Young (860) 796-6459
